

4 Corner Soccer

Equipment:

- 4 hockey nets or benches**
- 3 or 4 different colors of pinnies**
- 4 indoor soccer balls**

This is a very good game for keeping a large number of students busy playing soccer. They get lots of shooting, dribbling and goal play with a lot of running.

Rules:

- 1. Each team wears one color of pinnie and starts at their own net with one ball.**
- 2. Each team has one goalie only, but may have as many defence as they like. You may wish to establish a crease in front of the net.**
- 3. When the game starts, everyone attempts to score on any goal except their own. The balls can be played by anyone.**
- 4. If a goal is scored, the goalie calls everyone from their team in to sit in front of their net and rest.**
- 5. When 2 teams are down and only 2 teams are still playing, the timer starts a stopwatch. The 2 teams have 1 minute to score.**
- 6. If neither team scores in one minute, all teams are up and back in the play.**
- 7. If one team scores before the minute is up, they get 1 point for the round and a new round is started. (This is a good time to switch goalies or even up teams, if necessary)**
